**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose Sonic service for many reasons. AT&T with their DSL is a "stone age" in terms of equipment quality and Internet speed provided for their high price. There was no equipment problem or Internet interruption since I got Sonic service. I am real customer, not a "robot". And I want to keep Sonic service as long as it possible. I need high Internet speed so I can contact my children and granddaughters via Skype - they live on the East Coast. And I cannot pay a lot of money from my pension as it was during the AT&T era.

Best regards,

Michael Metrik
